

MENTAL HEALTH PARITY & COMPLIANCE

ATTAC Consulting Group provides full-spectrum support to meet your plan's Mental Health Parity needs.

Our Proprietary Tools and Expertise Include:

- ⊙ Determining MHPAEA applicability
- ⊙ NQTL documentation compliance
- ⊙ Comparative analysis of NQTL application
- ⊙ Disclosure compliance
- ⊙ MHPAEA compliance oversight, auditing and monitoring plan
- ⊙ Gap assessment report to identify improvements necessary in existing NQTLs that may cause NQTLs to not meet current DOL expectations under MHPAEA, CAA, ERISA, and other applicable state and federal regulations

Responding to Self-Funded Group Audits

ATTAC assists in the development of a plan-specific policy for use if a self-funded group is audited. The policy identifies specific internal actions, processes, reports, data, contacts, and escalation processes to quickly respond to each client and the Department of Labor.

WHY WORK WITH ATTAC CONSULTING GROUP?

Our Mental Health Parity compliance team experts assist insurers, health plans, ERISA-plan sponsors and third-party administrators. We help organizations assess and remediate current NQTL analyses for deficiencies and risks, develop new NQTL analyses, and assist with responding to regulatory audits and annual reporting.

Don't go it alone. Contact us about how we can help reduce the complexity and risks associated with your plan's Mental Health Parity compliance.
