

Add strength and depth to your coding bench

Health plans face continual pressure to secure high-quality, audit-ready, and flexible coding resources to support Medicare Advantage, ACA, and Medicaid risk adjustment.

Validira delivers compliant, defensible, and complete coding that drives measurable financial impact.

(AUDITOR-ON-DEMAND)

WHY VALIDIRA

**19 years of RA and
9 years HHS-RADV
audit experience**

**Advanced, tech-enabled
platform** for complete
and compliant capture

**A highly trained coding
team** with onshore and
offshore flexibility

**High-touch, boutique-level
support** that rapidly launches
engagements

Proven Accuracy. Demonstrated Impact.

9 YEARS

ACA HHS-RADV audit
experience with results
that beat national mean
error rates each year

100%

CMS found sufficient
agreement with our
coding for 100% of our
ACA HHS-RADV work

8-10%

Consistent, new HCC
pick up across sweeps
and retrospective
coding projects

HOW WE DELIVER

Onshore and offshore teams for **flexible pricing and rapid scale**

Advanced tech-enabled platform with **NLP and integrated QA**

Transparent, web-based reporting that keeps plans informed every step

Fast setup: engagements stood up in 2–3 weeks

HITRUST-certified environment ensuring privacy, security, and reliability

Put audit-standard coding to work for your plan.

Partner with Validira to expand capacity, improve accuracy, and ensure audit-defensible results year-round.
