

# Turn Regulatory Chaos into Operational Clarity

Regulations shift daily and audits arrive like clockwork. Don't just react to the noise. Stay ahead of it with a flexible, expert extension of your team.

## STRATEGY

### Flexible Annual Consulting Hours

On-call, dedicated compliance resources tailored to support your operational reality.

#### Options:

A bank of hours (60 or 120) designed to address the specific hurdles your plan faces.

#### Use Cases:

- Targeted Regulatory Review
- Remediation Support
- Operational Support

## SERVICES

### Specialized Project Execution

Select two or more deep-dive services per year at **exclusive Assurance Member pricing**.

#### Options:

- **Audit Readiness:** ODAG/CDAG Mock Audits, CPE Audits
- **Risk Adjustment:** Program Assessments, OIG Exposure Analysis
- **Operational Analytics:** Call Center Reviews, Universe Analytics

## SUPPORT

### Regulatory Intelligence Reports

Curated updates that allow you to focus on operational impact.

- **Weekly ATTAC Alert:** Critical CMS HPMS memo breakdowns
- **Quarterly Insight Digest:** Curated industry trends
- **Annual Training Day:** Customized for your team
- **Invitation-Only Webinar:** A fourth quarter event focusing on what's ahead

## Led by Industry Veterans

Operational success requires practical, actionable guidance, not just theory. ATTAC Assurance is led by former plan executives who understand the pressure of the chair and bring deep expertise in CMS regulations directly to your operations.
